SAFETY NOTICE

Due to a recent incident with a 'Jaguar' harness/container, Parachutes de France (UK) Ltd have decided to recall 'Jaguar' systems fitted with round reserves in order to modify them.

These modifications will improve the performance of the pilot chute and eliminate possible problems due to the incorrect packing of the reserve.

For all enquiries please contact: Pierre at Headcorn Parachute Club, Headcorn Airfield, Kent. Tele: 0622 890862.
