Team Composition & Allowable Line-up Changes for each competition discipline

1. The table on the following page has been created using both the information supplied by the discipline reps and information regarding allowable team-compositions as described by the FAI Rules found on the FAI website at <http://www.fai.org/isc-documents>
2. This table is designed to give competitors of all disciplines a more specific description of the team line-up changes that will be allowable post National Championships/Qualifying Event. The changes detailed will allow a team to continue as the qualifying team under that team's registered name when considering either applying to British Skydiving for sponsorship and/or accepting an invitation to represent the NAC at an FCE. A team will only be eligible to exercise the privileges/invitations of its qualifying championship position gained at the previous qualifying event if it continues within these permitted changes using the same team name.
3. Should there be any extreme/extenuating circumstances that result in a specific team believing that British Skydiving should consider any alleviation to these rules – application should be made to the Elite Performance Committee via the Committee Secretary: compscoordinator@britishskydiving.org at the earliest possible opportunity. Delay may result in alleviations not being able to be considered.

TEAM COMPOSITION/ALLOWABLE LINE-UP CHANGES¹ FOR EACH DISCIPLINE

DISCIPLINE	TEAM COMPOSITIONS	ALLOWABLE LINE-UP CHANGES
ACCURACY	Team accuracy: 5 x NAC team members	n/a
	Individual Accuracy: No Team	n/a
	Freefall Style: No Team	n/a
ARTISTICS FREEFLY	2 x performers + 1 x videographer	1 x performer OR video change (33%)
ARTISTICS FREESTYLE	1 x performer + 1 x videographer	No member change ^{***}
FORMATION SKYDIVING	4-Way: Up to 5 x performers +1 x videographer ^{**} (Applies to both Open and Female categories) (4-Way AA, A, Rookie teams may have 2 x alternates i.e. up to 6 x performers + 1 x videographer)	1 x performer PLUS videographer change ^{**} (max 40%)
	8-way: Up to 10 x performers + 1 x videographer ^{**}	2 x performer PLUS videographer change ^{**} (max 33%)
